Mr. Ferdinand Fabian Bolton,
627 Fifth Avenue,
New York.

Dear Sir:-

On the 10th of February, last, you were elected a member of this Society, on the nomination of Rev. Milo H. Gates, and on the day following I sent you a notice of your election.

As I have heard nothing from you, I send you herewith a duplicate notice of election, thinking that you may not have received the first one.

I would be very glad if you would advise me of your intentions in the matter at your convenience.

Very truly yours

Recording Secretary.

Mr. Bauman L. Belden,
Recording Secretary,
The American Numismatic Society

My dear Sir:

I have to apologize for my failure to reply earlier to your kind favor of February 16th, which lack of promptitude on my part, has been due to overwhelming pressure of professional duties.

I appreciate the courtesy shown to me in the election by the Society, & the neighborly friendliness which induced the Rev. Mr. Gates to nominate me for that honor. I am, however, unable to accept membership in the Society, because I am endeavoring to reduce the number of my affiliations with Societies, which have become somewhat too extensive, and make too great inroads on my time and attention. But I desire to again thank you and the members of the Society, and to extend to them and to yourself, my warmest good wishes for your success.

I am,

Yours very truly,

Reginald Pelham Bolton.

Dear Sir

I enclose a drawing of a small Silver coin which was found by myself & Mr. W. F. Calver recently at 181st Street, in a trench containing many military relics of the Revolutionary period. We should much appreciate any information bearing upon its character & nationality. Russian troops were certainly quartered on the site of our discovery. I am

Yours very truly
Reginald Pelham Bolton.

Mr. Bauman L. Belden,

Director of the American

Numismatic Society-- West 156th Street

Dear Sir :

I desire to thank you for your kindness in sending me the information relating to the little coin found on the Hessian camp site on 181st Street, which has rendered this small object of much interest to myself and to those who have been engaged with me in finding revolutionary material on that site.

With kind regards and thanks, I beg to remain,

Yours very truly,

Dear Sir:

I have been asked to inquire if you could throw some light upon a small copper coin which was found on the site of the old Astor House during its demolition, a rubbing of which, with a sketch of the coat of arms and monogram I enclose herewith.

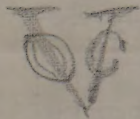

I am, with kind regards,

Yours very truly,
